Welcome! This is what you can expect in your upcoming visits.

PAPERWORK

Please complete this simple admitting paperwork so we have an understanding of your past and current health situation.

CONSULTATION

After viewing an introductory chiropractic video, you will meet the doctor and discuss your health concerns.

EXAMINATION

We will conduct a thorough examination to locate the cause of your problem and determine if you are a candidate for chiropractic care. This includes a computerized assessment of how well your nervous system is communicating with your body. The assessment will include surface electromyography, which evaluates muscle function and balance, and dermo-thermography, which indicates any nerve irritation. The doctor may also need additional procedures, such as x-rays and a computerized gait analysis. If yours is a chiropractic case, we will develop a plan to help you.

REPORT OF FINDINGS

Your second visit will begin with a video that will answer many of your questions. After that, we will explain the results of your examination. If we think that we can help you, we will recommend a schedule of care created just for you. During this time we will also explain our financial policies and determine your insurance coverage, if applicable.

HEALTH TALK

We find that when patients are empowered to help themselves, they respond faster to care and remain healthier longer. This is why we offer you and those you care about an opportunity to attend our one-time evening session, where you will learn how to optimize your health.

Please complete the following pages to save time and help us to serve you better.

Thank you.

SIGNS AND SYMPTOMS

When there is no interference, your nervous system controls the healthy function of virtually every cell, organ and system in the body. Carefully read the list below and please check any conditions that you may have experienced in the last six months. While some of the conditions may seem unrelated to the purpose of your appointment, always remember that nervous system interference may express itself in many ways.

PLEASE READ CAREFULLY

In order for the Doctor of Chiropractic indicated below to make a determination on the suitability of my case for chiropractic care, I acknowledge and understand that I must complete a thorough chiropractic evaluation, which may include a diagnostic radiographic examination if clinically indicated. I do hereby request and consent to the performance of such an evaluation by the Chiropractor indicated below, or any party authorized to do so by that Chiropractor.

I have had the opportunity to discuss with the Doctor of Chiropractic indicated below, or with any party authorized to do so by that Chiropractor, about the nature and purpose of Chiropractic adjustments and other procedures. I understand that Chiropractic care is considered very safe with an extremely low risk rate by any standard. I further understand that there are, however, some risks (rib fractures and strokes) associated with chiropractic care, as there are with any and all healthcare treatments. In healthcare, the matter of whether any treatment is appropriate or not is determined by looking at the level of risk and comparing this with the level of expected benefit.

I understand and agree that health and accident insurance policies are an arrangement between an insurance carrier and myself. Furthermore, I understand that the doctor's office will prepare any necessary reports and forms to assist me in making collection from the insurance company and that any amount authorized to be paid directly to the doctor's office will be credited to my account on receipt. However, I clearly understand and agree that all services rendered to me are charged directly to me and that I am personally responsible for payment. I also understand that if I suspend or terminate my care at this office, any outstanding charges for professional services rendered me will be immediately due and payable.

I have read and understood the above, and I have had sufficient opportunity to discuss it's content with the Doctor of Chiropractic indicated below. I do hereby request and consent to all examinations and care as deemed appropriate by the Doctor of Chiropractic indicated below, for my present condition and for any future conditions for which I may seek care. I also agree to payment for all services rendered.
